2 INTRODUCTION

Safeguarding children and child protection applies to all children up to the age of 18.

Safeguarding is the action taken to promote the welfare of children and protect them from harm.

Safeguarding means:

- protecting children from abuse and maltreatment
- preventing harm to children's health or development
- ensuring children grow up with the provision of safe and effective care
- Taking action to enable all children and young people to have the best outcomes.

Child protection is part of the safeguarding process. It focuses on protecting individual children identified as suffering from, or likely to suffer, significant harm. This includes child protection procedures which detail how to respond to concerns about a child.

Safeguarding children is everyone's responsibility. Everyone who comes into contact with children and families has a role to play.

The purpose of this policy is to inform staff¹, parents, volunteers and governors about our school's responsibilities for safeguarding children and to enable everyone to have a clear understanding of how these responsibilities should be carried out.

We recognise that all adults, including temporary staff, volunteers and governors, have a full and active part to play in protecting children from harm and that the child's welfare is our paramount concern.

All staff members believe that our school should provide a caring, positive, safe and stimulating environment that promotes the social, physical and moral development of the individual child.

¹ Wherever the word "staff" is used, it covers ALL staff on site, including ancillary and supply staff, and volunteers working with children

3 SAFEGUARDING CULTURE IN OUR SCHOOL / COLLEGE

3.1 Child Protection Statement

Bognor Regis Nursery School takes its responsibility to safeguard children extremely seriously and this school will train and empower all staff to recognise and respond effectively to protect a child who may be at risk of significant harm.

3.2 It could happen here

We will ensure all staff members in our school maintain an attitude of 'it could happen here' and feel able to raise concerns either about a child at risk or a member of staff whose behaviour may present a risk to a child.

3.3 Our school will

1. Have safeguarding at the heart of everything we do.
2. Maximise opportunities to teach our children / young people how to keep safe both in the real and virtual world.
3. Support the child's development in ways that will foster security, confidence and independence;
4. Provide an environment in which children and young people feel safe, secure, valued, respected, feel confident.
5. Ensure that **ALL of our children / young people know a member of staff they can communicate with if they are worried about something.**
6. Make sure all of our staff, including volunteers know how to contact child protection agencies should they need to.
7. Provide a systematic means of monitoring children known or thought to be at risk of harm, and ensure we, the school, contribute to assessments of need and support packages for those children;
8. Emphasise the need for good levels of communication between all members of staff and between the school and other agencies;
9. Have and regularly review, a structured procedure within the school which will be followed by all members of the school community in cases of suspected abuse;
10. Develop and promote effective working relationships with other agencies, especially the Police and Children's Social Care, including Integrated Prevention & Early Help.
11. Ensure that all adults within our school who have access to children have been recruited and checked as to their suitability in accordance with Part 3 of Keeping Children Safe in Education 2019.
12. Have in place, other, up to date policies which support safeguarding. (Please see Annex 1 for a list of such policies.)
13. Make sure all staff are aware of the system within school which support safeguarding. We will explain this on induction together with sharing details of this policy, behaviour policy, staff behaviour policy, the school response to

children who go missing from education, and role of the Designated Safeguarding Lead.

3.4 Voice of the Child – Working Together to Safeguard Children 2018

Our school / college recognises the findings in Working Together to Safeguard Children 2019, where children expressed that they wanted an effective safeguarding system to be:

- vigilant: to have adults notice when things are troubling them
- understanding and actioned: to understand what is happening; to be heard and understood; and to have that understanding acted upon
- stable: to be able to develop an ongoing stable relationship of trust with those helping them
- respectful: to be treated with the expectation that they are competent rather than not
- informed and engaged: to be informed about and involved in procedures, decisions, concerns and plans
- explained: to be informed of the outcome of assessments and decisions and reasons when their views have not met with a positive response
- supported: to be provided with support in their own right as well as a member of their family
- advocated: to be provided with advocacy to assist them in putting forward their views
- protective: to be protected against all forms of abuse and discrimination and the right to special protection and help if a refugee

We will use this information to support the training of our staff and review this and other policies as appropriate.

4 STATUTORY FRAMEWORK

4.1 Government legislation and guidance

The school will act in accordance with the following;

- The Children Act 1989
- The Children Act 2004
- Education Act 2002
- Keeping Children Safe in Education (DfE September 2019) [here](#)
- Sexual Violence and sexual harassment between children in schools and colleges 2018: [here](#)
- Teaching online safety in school (DfE June 2019) [here](#)
- Working Together to Safeguard Children 2018: [here](#)
- Regulated Activity in relation to children: scope [here](#)
- The Education (Child Information) (England) Regulations 2005
- Prevent Duty for England and Wales (2015) under section 26 of the Counter-Terrorism and Security Act 2015
- Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015)
- Dealing with Allegations of Abuse against Teachers and Other Staff (2012)
- Children Missing Education [Statutory guidance 2016](#)
- West Sussex Safeguarding Children Partnership and Pan-Sussex safeguarding procedures [West Sussex Safeguarding Children Partnership](#)

5 CONFIDENTIALITY

5.1 Our school will;

1. As a general principle, all matters relating to child protection are confidential and should only be shared on a 'need-to-know' basis.
2. The Headteacher or Designated Safeguarding Lead will disclose any child protection related information about a child to other members of staff on a need to know basis only, where the receiving member of staff can play an active role in safeguarding that child.
3. All staff must be aware that they have a professional responsibility to share information with other agencies in order to safeguard children.
4. All staff must be aware that they cannot promise a child to keep secrets if doing so might compromise the child's safety or wellbeing.
5. The intention to refer a child to Children's Social Care will be shared with parents/carers unless to do so could put the child at greater risk of harm, or impede a criminal investigation. If in doubt, advice should be sought from the MASH.

6 RESPONSIBILITIES

6.1 Our school will

As a school we recognise staff are particularly important as they are in a position to identify concerns early, provide help for children, and prevent concerns escalating. We also recognise ALL staff have a responsibility to provide a safe environment in which children can learn.

6.2 Therefore we will

1. Establish and maintain an environment where children feel secure, are encouraged to talk and are listened to
2. Be aware of the signs of abuse and maintain an attitude of "it could happen here" with regards to child protection
3. Ensure that children know that there are adults in the school whom they can approach if they are worried about anything
4. Know what to do if a child tells them they are being abused or neglected
5. Know how and where to record their concerns and report these to the Designated Safeguarding Lead, as soon as possible
6. If a child is in immediate danger, know how to refer the matter to Children's Social Care and/or the police immediately
7. Support pupils in line with their Child Protection Plan and notify the Designated Safeguarding Lead of any child on a Child Protection Plan who has an unexplained absence

8. Actively plan opportunities within the curriculum for children to develop the skills they need to assess and manage risk appropriately and keep themselves safe
9. Be aware of and follow the [Sussex Child Protection & Safeguarding Procedures](#), produced by West Sussex, East Sussex, and Brighton & Hove. This will include the referral process
10. Have ***read and understand Part 1 of Keeping Children Safe in Education September 2019*** and be alert to signs of abuse and know to whom they should report any concerns or suspicions
11. Participate in safeguarding training as part of our induction process
12. Ensure all staff receive safeguarding and child protection updates as required, **but at least annually**, to provide them with relevant skills and knowledge to safeguard children
13. Ensure that we know who the Designated and Deputy Safeguarding Lead(s) is/are and how to contact them
14. Be aware of the 'early help' process and understand our role in it. This includes identifying problems and working effectively with other agencies that provide support to pupils
15. Refer to the Headteacher if we have concerns about another member of staff
16. Refer to the Chair of Governors and / or the Local Authority Designated Officer where the concerns are about the Headteacher.

6.3 Responsibilities of the Governing Body

1. The Governing Body takes seriously its responsibility to safeguard and promote the welfare of children in its care and to work together with other agencies to ensure adequate arrangements within our school to identify, assess, and support children who are, or who may be, suffering harm.
2. Keeping Children Safe in Education 2019 makes clear that governing bodies and proprietors should have a senior board level or equivalent lead to take **leadership** responsibility for their schools safeguarding arrangements and to ensure there are appropriate policies and procedures relevant to their particular setting.
3. As a school we are fully committed to that and will ensure all of our policies and practices enable our school to take action in a timely manner to safeguard and promote the welfare of the children and young people attending our school.

The nominated Governor for Child Protection in this school is:

Susannah Conway

6.4 Statutory Responsibilities of the Governing Body

We are aware of the statutory responsibilities placed on governing bodies and proprietors which include:

1. Making sure that the safeguarding policies & procedures in the school are effective and comply with the law at all times. This should include a Child Protection Policy (reviewed at least annually and available online); and a Staff Behaviour Policy (sometimes called a Code of Conduct) which should, amongst other things, include acceptable use of technologies staff/pupil relationships and communications including the use of social media
2. Putting in place appropriate safeguarding responses to children who go missing from our school, particularly on repeat occasions
3. Ensuring we follow the correct procedures outlined in this policy when removing a child from roll, or adding a child to our roll, at non-standard transition points.
4. Appointing a Designated Safeguarding Lead who is a senior member of staff from the leadership team, who has responsibility for safeguarding and child protection. This should be explicit in the role-holders job description in line with Annex B of Keeping Children Safe in Education 2019.
5. Through regular review and audit, ensure that any safeguarding deficiencies or weaknesses within the school are remedied without delay.²
6. Ensuring that child protection records are kept securely and separately from other records and are only accessed by staff that need to.
7. Ensuring that there are procedures in place to effectively manage allegations against all staff members. We will train our staff to enable them to raise concerns and as a school we will follow the guidelines outlined in Part 4 of Keeping Children Safe in Education 2019. All such cases, and in cases of any doubt as to whether the matter reaches threshold for an allegation, advice and guidance must be sought from the Local Authority Designated Officer (LADO) BEFORE any internal investigation begins.
8. Ensuring that we discharge our responsibilities as a Governing Body in respect of adhering to the reporting restrictions imposed by the Education Act 2002 where teachers are under investigation.
9. As a Governing Body we will also ensure parents and carers are aware of their responsibilities not to publish any information during such investigations as highlighted at para 211 Keeping Children Safe in Education 2019 and section 141F of the Education Act 2002
10. Recognising that neither the Governing Body, nor individual Governors, have a role in pursuing or managing the processes associated with individual cases of child protection
11. Recognising that neither the Governing Body, nor individual Governors, have a right to know details of such cases, except when exercising their disciplinary functions in respect of allegations against staff
12. Making sure all staff are familiar with the contents of part 1 of Keeping Children Safe in Education, and that all staff have been trained appropriately and that this is updated in line with guidance

² The NSPCC / TES safeguarding self-assessment is regarded by the Local authority as a useful tool for this purpose
<https://www.nspcc.org.uk/services-and-resources/working-with-schools/esat/>

- 13.Ensuring that the school is contributing to inter-agency working, which includes providing a coordinated offer of Early Help when additional needs of children are identified
- 14.Appointing a Designated Teacher for Children Looked After, and recognising and reflecting in school procedures and this policy that children looked after are particularly vulnerable
- 15.For e-learning, making sure that appropriate filters and appropriate monitoring systems are in place safeguarding against potentially harmful and inappropriate online material
- 16.Giving consideration as to how children may be taught about safeguarding including: online, through teaching and learning opportunities and as part of providing a universal broad and balanced curriculum
- 17.Training - Governors will ensure they are trained at least annually in respect of safeguarding. Governors will also consider what other bespoke training, for example prevent, would enable them to fulfil their governance obligations.

6.5 Safer Recruiting

1. As a Governing Body we will ensure the schools create a culture of safe recruitment and as part of that adopt recruitment procedures that help deter, reject or identify people who might abuse children. We will follow the procedures set out in Part 3: Safer Recruitment. Keeping Children Safe in Education, September 2019. This includes ensuring taking up references for each shortlisted candidate **before** interview and ensuring that at least one member of any appointing panel, including at shortlisting, will have attended safer recruitment training
2. We will ensure that the school keeps an up to date single central record (SCR) of all staff and volunteers and the dates of all appropriate safeguarding checks and including the detail as suggested within Part 3 of Keeping Children Safe in Education, September 2019
3. Disqualification by association criteria does not now apply to those working in schools or colleges and as such we will no longer ask our staff to provide details of those living in the same household cautioned or convicted for certain offences. Latest guidance can be found [here](#). All staff are however reminded that they must bring to the attention of the Headteacher any material change in circumstances or other information of relevance.

6.6 Managing Professional Differences

We will support the children and staff in our school by ensuring the school follow the correct procedure for managing professional differences, where there is disagreement between the school and other agencies in respect of action taken to keep a child safe. See [Protocol managing professional differences](#)

6.7 New West Sussex Safeguarding Children Partnership

In 2019 the West Sussex Safeguarding Children Board was replaced by the West Sussex Safeguarding Children Partnership where three lead agencies; Health Partnership, Police and the Local Authority, will work together as joint and equal partners to shape bespoke arrangements for the needs of the children in West Sussex. As a Governing Body, we are fully committed to working with the Partnership and will enable governors and our safeguarding lead to attend events and briefings on how the new partnership will support our children.

6.8 The Designated Safeguarding Lead (DSL)

In this school, any individual can contact the Designated Safeguarding Lead if they have concerns about a child.

The Designated Safeguarding Lead in this school is:

Joe Knutson

The Deputy Safeguarding Leads in this school are:

**Alison Stead
Shelley Farrell
Anji Capelin-Blount
Sarah Powell**

Whilst the activities of the Designated Safeguarding Lead can be delegated to appropriately trained deputies the ultimate lead responsibility for child protection, as set out above, remains with the Designated Safeguarding Lead; this lead responsibility should not be delegated.

6.9 The Designated Safeguarding Lead will

1. Assist the Governing Body in fulfilling their responsibilities under section 175 or 157 of the Education Act 2002
2. Attend initial training for their role and refresh this within every two years
3. Keep their knowledge and skills updated at least annually
4. Ensure that all staff know who the Designated Safeguarding Lead is, their role and how to make contact
5. Ensure that all staff understand their responsibilities in relation to signs of abuse and responsibility to refer any concerns to the Designated Safeguarding Lead. In addition, the Designated Safeguarding Lead should ensure that all staff read and understand Part 1 of Keeping Children Safe in Education 2019 and have a record of when this was done
6. Ensure that new staff participate in safeguarding training as part of their induction.
7. Ensure all staff receive safeguarding and child protection updates as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children. The Designated Safeguarding Lead will also ensure staff are kept fully aware of any significant changes or updates to local authority child protection and safeguarding procedures, as and when they occur.
8. Be the lead for the school when engaging the managing professional difference protocol when there is disagreement between the school and other agencies in respect of action taken to keep a child safe. (See [Protocol managing professional differences](#))
9. Liaise with relevant curriculum leads in setting to ensure Education for Safeguarding is considered within all aspects of the curriculum

10. Maintain child protection records for each child where concerns have been raised and ensure the receiving school is informed of any concerns and files are transferred when the child moves to another education setting.

6.10 The Designated Safeguarding Lead is expected to:

1. Refer cases of suspected abuse to the West Sussex MASH. Where a referral is made that notes are completed that same day
2. Support staff who make referrals to local authority Children's Social Care
3. Refer cases to the Channel programme where there is a radicalisation concern, as required
4. Support staff who make referrals to the Channel programme
5. Refer cases where a person is dismissed or left due to risk/harm to a child to the Disclosure and Barring Service as required
6. Refer cases where a crime may have been committed to the police, via the MASH as required.
7. Ensure all child protection files are kept separately and securely from other records and accessible only by staff that need to access them for safeguarding purposes.
8. Liaise with the Headteacher to inform him or her of issues especially ongoing enquiries under section 47 of the Children Act 1989 and police investigation
9. As required, liaise with the Case Manager and where required the LADO, in all cases involving allegations against members of staff (both current and former members of staff)
10. Liaise with staff on matters of safety and safeguarding, and when deciding whether to make a referral by liaising with relevant agencies
11. Act as a source of support, advice and expertise for staff.

6.11 Training

1. As well as training all members of staff as above, the DSL and deputies should undergo training to provide them with the skills required to carry out the role. This training MUST be updated at least every two years.
2. As a Governing Body we will plan for staff changes and moves to ensure there is sustained capacity and resilience for the DSL and deputies.
3. The DSL and deputies should undertake Prevent Awareness training and ensure the rest of the staff also do this on at least an annual basis as part of the wider continuous safeguarding training process in operation.

6.12 Designated Safeguarding Lead – continual professional development

The DSL should be afforded time to allow them to keep up to date with any developments relevant to their role, including:

1. Attending the DSL network termly meetings as organised by the Local Authority
2. Understanding the assessment process for providing Early Help and intervention for example, through locally agreed common and shared assessment processes such as early help assessments. Contact details for your local IPEH hub can be found [here](#)
3. Maintaining a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively, when required to do so
4. Ensuring each member of staff has access to and understands the school or college's child protection policy and procedures, especially new and part time staff
5. Being alert to the specific needs of children in need, those with special educational needs and young carers
6. Keeping detailed, accurate, secure written records of concerns and referrals separately from the main pupil file and use these records to assess the likelihood of risk. The written records should clearly identify details of the concerns and what action was taken.
7. Supporting the school or college with regards to the requirements of the Prevent duty and are able to provide advice and support to staff on protecting children from the risk of radicalisation
8. Obtaining access to resources and attend any relevant or refresher training courses
9. Encouraging a culture of listening to children and taking account of their wishes and feelings among all staff, in any measures the school or college may put in place to protect them
10. Ensuring that where a pupil transfers school and is on a Child Protection Plan or is Looked After, the information is passed to the new school immediately and the child's social worker informed
11. Acting as a source of support, advice and expertise to staff on matters of safety and safeguarding and when deciding whether to make a referral by liaising with relevant agencies
12. Ensuring that either they or the class teacher attends Child Protection conferences, core groups or other multi-agency planning meetings, contributes to assessments and provides a report which will normally have been shared with the parents
13. Ensuring that any child who is subject to a child protection plan and who is absent without explanation is referred to their key worker's social care team. In some cases any absence may be a cause for concern and warrant immediate reporting

14. Ensuring the school's child protection policy is reviewed annually, the procedures and implementation are updated and reviewed regularly and work with governing bodies or proprietors regarding this
15. Being responsible for making the senior leadership team aware of trends in behaviour that may affect child welfare.

7 REFERRING A CHILD TO MASH AND EARLY HELP

7.1 If a child is in immediate danger the police must be called by dialling 999.

7.2 If a member of staff has concerns about a child;

1. The member of staff will report their concerns to the Designated Safeguarding Lead or in their absence, the Deputy Safeguarding Lead.
2. The Designated Safeguarding Lead will decide whether the concerns should be referred to the Multi-Agency Safeguarding Hub (MASH). If there are grounds to indicate the child has or is likely to suffer actual or suspected significant harm then a referral will be made to the MASH using the relevant on line form, found [here](#). Where concerns are urgent, complex or where it is unclear whether a referral should be made, the Designated Safeguarding Lead they should contact the MASH by telephone for advice on 01403 229900, or out of hours on 0330 222 6664.
3. If it is decided to make a referral to the MASH this will be usually be discussed with the parents, unless to do so would place the child at further risk of harm or could impact on a police investigation (the MASH is able to provide advice on this).
4. If it is considered likely that **by informing parents / carers of the referral will increase the risk** to the child (ren) advice MUST BE SOUGHT FROM MASH before INFORMING the PARENT / CARER.
5. The steps outlined in **section 20 below, Dealing with a Disclosure**, will be followed by staff members to record details of any concerns which must be done as soon as possible and on the same day. The signed and dated recording must be a clear, precise, factual account of the observations.
6. Where MASH have been contacted for advice and indicate a referral should be made, the Designated Safeguarding Lead will ensure the correct online forms at point 1 in this section above are completed immediately.
7. The school child protection records must reflect who was spoken to at MASH, the time and date of that contact. The school child protection records must also clearly record any advice given and what steps the school have taken.
8. Particular attention will be paid to the attendance and development of any child for who the school has concerns, or who has been or is the subject of a Child Protection Plan.

7.3 Information Sharing

If in doubt whether to share information please take advice from MASH. Further advice on the seven golden rules for sharing information for staff can be found in the following document, *Advice for practitioners providing safeguarding services to children, young people, parents and carers and guidance*, which can be accessed [here](#)

7.4 Taking Responsibility

1. Staff should not assume a colleague or another professional from another organisation is making a referral. It is the duty of the Designated Safeguarding Lead to take action and ensure information is shared in order to keep a child safe.
2. In addition, our school will ensure that all staff, including volunteers and governors, will have confidence and know how to contact MASH in the unlikely event that the DSL or a deputy are not available. This will also be the case where any member of staff is concerned that the DSL or a deputy is not taking concerns seriously.
3. In addition, we encourage all members of staff, including volunteers and governors to recognise and respond to safeguarding concerns which occur in the community and are nothing to do with school in the appropriate manner by contacting MASH or the NSPCC.

7.5 Integrated Prevention & Early Help (IPEH)

Any child may benefit from Early Help, but all school and college staff should be particularly alert to the potential need for Early Help for a child who:

- is disabled and has specific additional needs;
- has special educational needs (whether or not they have a statutory education, health and care plan);
- is a young carer;
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups;
- Is frequently missing/goes missing from care or from home or from school.
- is misusing drugs or alcohol themselves;
- Is at risk of modern slavery, trafficking or exploitation;
- is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse;
- has returned home to their family from care;
- is showing early signs of abuse and/or neglect;
- is at risk of being radicalised or exploited;

- Is a privately fostered child.

7.6 Allocated Early Help Worker

All West Sussex schools and colleges have an allocated Early Help Worker, available via the local Integrated Prevention and Earliest Help (IPEH) hub. A list of which is found [here](#). Our school will work with our Early Help Worker in order to maximise support for those children who may benefit from additional support.

7.7 Termly Conversations with our Early Help Worker

All West Sussex schools and colleges have an allocated named early help worker available via the local IPEH hub. Our school will engage with the IPEH worker and will hold a termly conversation meeting. The purpose of this meeting is to work with IPEH as part their preventative offer to support early identification of vulnerable children in partnership with our school.

The termly conversation meeting will consist of three main parts:

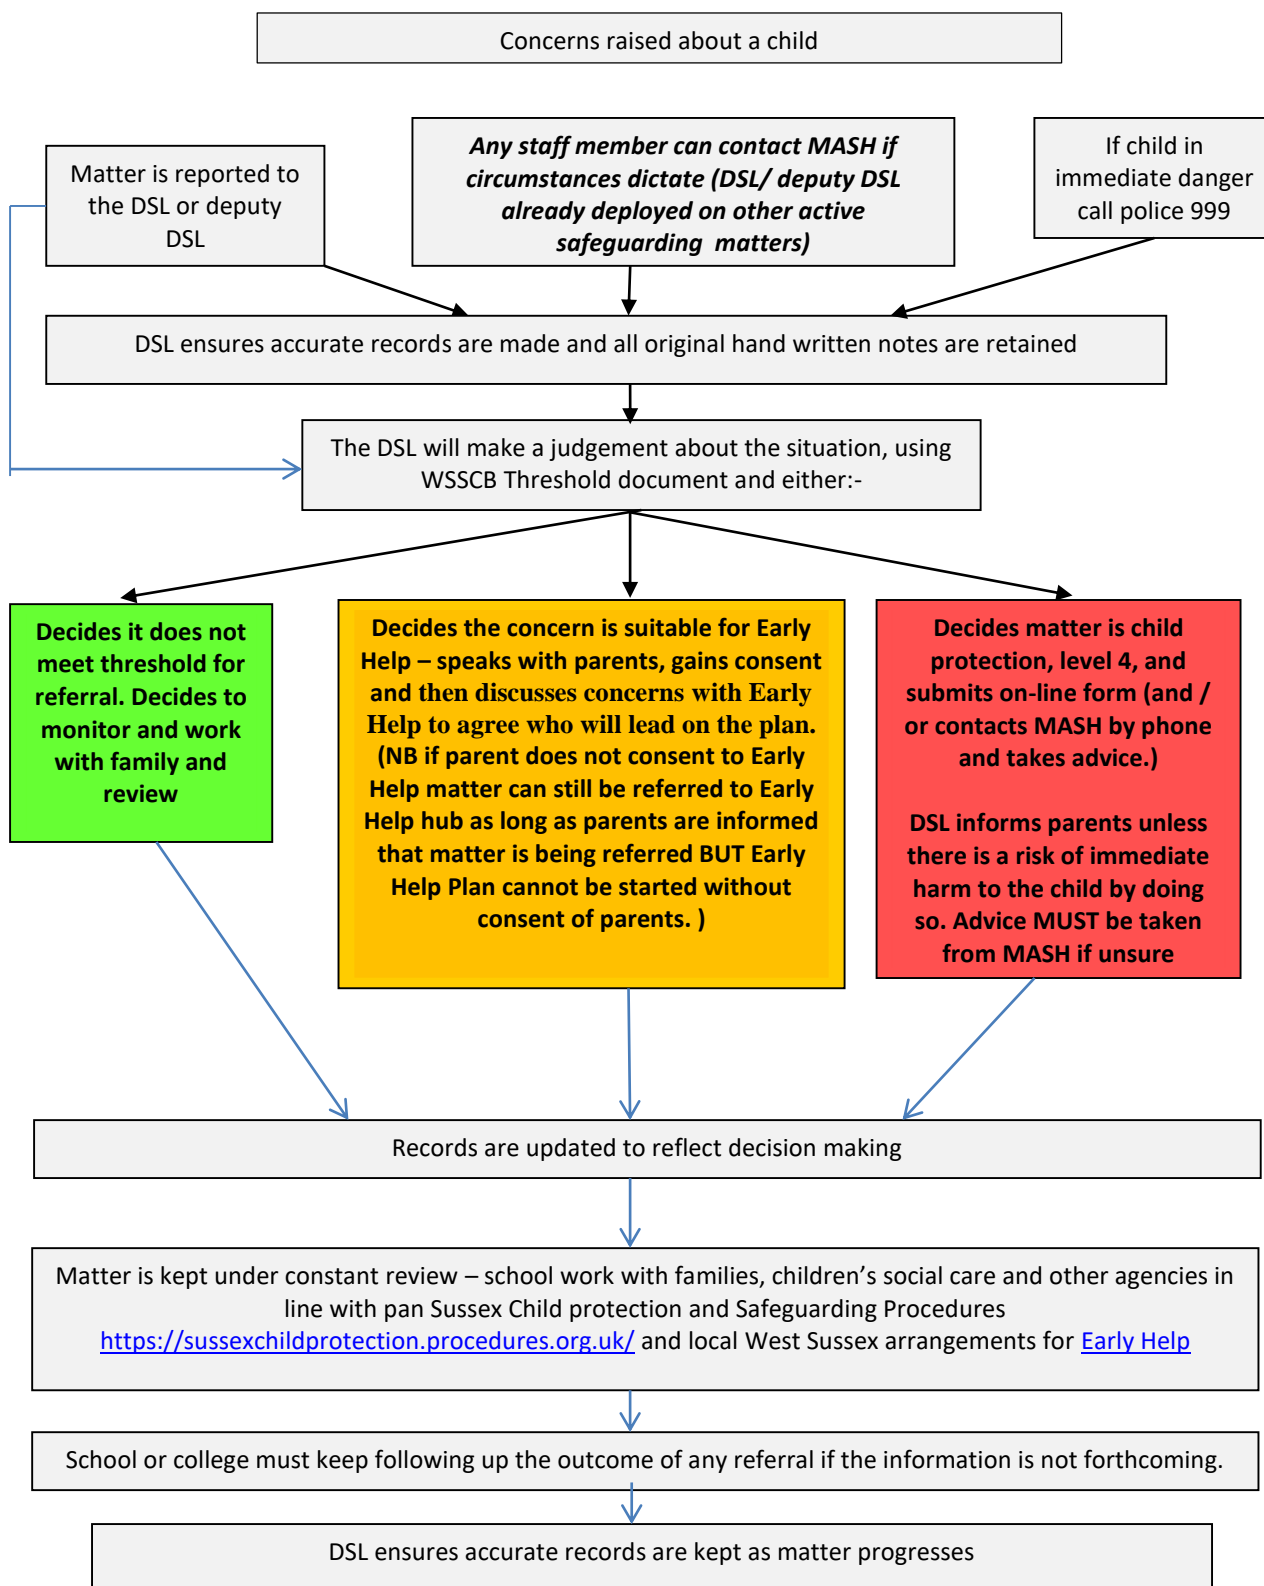

- Discuss children and young people who our school are concerned about and who could benefit from early help intervention from the school or IPEH
- Discuss children in our school already on an Early Help Plan
- Share IPEH key messages with our school

7.8 West Sussex Safeguarding Children Partnership Continuum of Need / Threshold Guidance

Our school / college will use the Threshold Guidance found [here](#) to inform our decision making and which referral pathway to take.

Referral Pathway:

Flowchart for child protection procedures for schools and colleges

8 LOCAL AUTHORITY DESIGNATED OFFICER (LADO)

8.1 LADO and Assistant LADO Contact Details

- Claire Coles 0330 222 3339 Claire.Coles@westsussex.gov.uk
- Sally Arbuckle 01403 229900 sally.arbuckle@westsussex.gov.uk

8.2 If a member of staff has concerns about another staff member, including volunteers.

1. This applies to any member of staff/volunteer whom the staff member has contact with in their personal, professional or community life.
 2. An allegation is any information which indicates that a member of staff/volunteer may have:
 - i. Behaved in a way that has, or may have harmed a child
 - ii. Possibly committed a criminal offence against/related to a child
 - iii. Behaved towards a child or children in a way which indicates s/he would pose a risk of harm if they work regularly or closely with children.
- If staff have concerns about another staff member, then this should be referred to the Headteacher. If the allegation is against the Headteacher, then the referral should be made to the Chair of Governors. If for any reason this causes a delay, then the Local Authority Designated Officer (LADO) should be approached directly.
 - The person to whom an allegation against another member of staff is first reported, should take the matter seriously and keep an open mind. S/he should not investigate or ask leading questions if seeking clarification. It is important not to make assumptions. Confidentiality should not be promised and the person should be advised that the concern will be shared on a 'need to know' basis only.

8.3 School Complaints

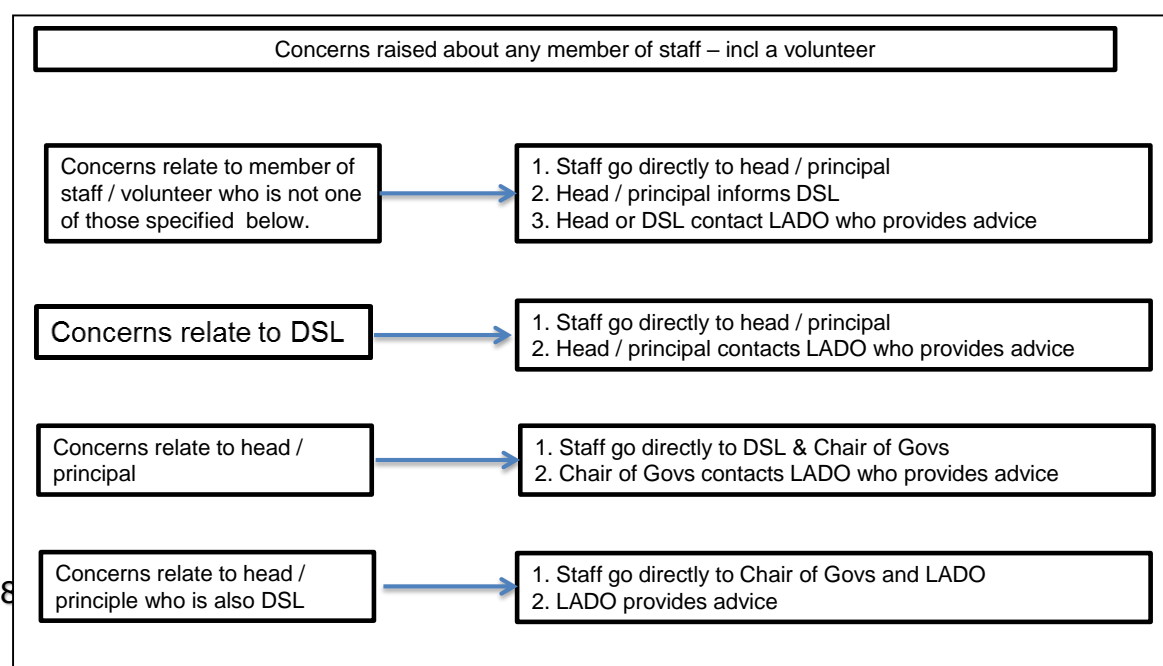

Complaints by parents about any aspect of school MUST be reviewed to ensure there are no allegations against staff, including volunteers, contained within the complaint which require referral to LADO.

8.4 Allegations against member of staff, including volunteers and school governors

1. Making an immediate written record of the allegation using the informant's words including: time, date and place where the alleged incident took place, brief details of what happened, what was said and who was present
2. This record should be signed, dated and immediately passed on to the Headteacher /Chair of Governors
3. The recipient of an allegation must not unilaterally determine its validity and failure to report it in accordance with procedures is a potential disciplinary matter. The Headteacher or Chair will not investigate the allegation themselves, or take written or detailed statements, but will assess and decide whether to refer the concern to the LADO. If there is any doubt as to whether to refer, advice should be taken from the LADO.

4. If there are concerns that a child is at risk, the matter must be immediately reported to MASH.
5. Any records generated in the course of such matters must be retained securely, away from other child protection and personnel records and only be accessed by those who need to for investigation / review purposes.
6. Guidelines contained within the Pan Sussex Child Protection and Safeguarding Procedures in respect of managing allegations made against people who work or volunteer with children, found [here](#) , must be followed on each occasion. If there is any doubt then advice must be taken from the LADO

8.5 Flow Diagram – LADO referrals -

- All staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the school or college's safeguarding regime and know that such concerns will be taken seriously by the Senior Leadership Team.
- Appropriate whistleblowing procedures, which are suitably reflected in staff training and staff behaviour policies, should be in place for such concerns to be raised with the school or college's Senior Leadership Team.
- Where a staff member feels unable to raise an issue with their employer, or feels that their genuine concerns are not being addressed, other whistleblowing channels may be open to them, advice can always be taken from LADO

8.7 Whistleblowing/Confidential reporting

We will ensure that all staff members are aware of their duty to raise concerns, where they exist, about the actions or attitudes of colleagues. If necessary the member of staff can speak with the Headteacher, Chair of Governors or with the LADO.

We will ensure staff should be aware of and know how to access West Sussex Confidential Reporting Policy, [accessed here](#) and that further assistance for staff to raise concerns can be accessed by calling the NSPCC whistleblowing helpline on 0800 028 0285 or visiting the [Whistleblowing advice line | NSPCC](#)

9 SPECIAL EDUCATIONAL NEEDS (SEN) & DISABILITIES

9.1 Special Considerations

As a school, we are aware that children with SEN and disabilities can face additional safeguarding challenges and expect all staff to recognise:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- Being more prone to peer group isolation than other children;
- The potential for children with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs; and
- Communication barriers and difficulties in overcoming these barriers.

9.2 SEND Support

To address these additional challenges, our schools provides additional adult support for children with SEND.

10 CHILDREN LOOKED AFTER / PREVIOUSLY LOOKED AFTER

- As the Governing Body of this school we will ensure that staff have the skills, knowledge and understanding to keep children looked after safe.
- In particular, we will ensure that appropriate staff have the information they need in relation to a child's looked after legal status and contact arrangements with birth parents or those with parental responsibility.
- The Designated Safeguarding Lead will have details of the child's Social Worker and the name of the Headteacher of the Virtual School in the authority that looks after the child.
- We recognise a previously looked after child potentially remains vulnerable and we will ensure that all staff should have the skills, knowledge and understanding to keep previously looked after children safe. When dealing with children looked after and previously looked after children, we will ensure our school works together with other agencies and takes prompt action when necessary to safeguard these children, who are a particularly vulnerable group.
- Our school will work with the Headteacher of the Virtual School to discuss how the school can best support the child and meet the needs of the child's Personal Education Plan (PEP) and use any additional resources accordingly.

11 THE USE OF REASONABLE FORCE IN OUR SCHOOL OR COLLEGE

1. Keeping Children Safe in Education 2019 recognises that there are circumstances when it is appropriate for staff in schools to use reasonable force to safeguard children and young people. The term 'reasonable force' covers the broad range of actions used by staff that involve a degree of physical contact to control or restrain children. This can range from guiding a child to safety by the arm, to more extreme circumstances such as breaking up a fight or where a young person needs to be restrained to prevent violence or injury. 'Reasonable' in these circumstances means 'using no more force than is needed'. The use of force may involve either passive physical contact, such as standing between pupils or blocking a pupil's path, or active physical contact such as leading a pupil by the arm out of the classroom.
2. Paragraph 113 of Keeping Children Safe in Education 2019 encourages headteachers, principals, governing bodies and proprietors to adopt sensible policies, which allow and support their staff to make appropriate physical contact. The decision on whether or not to use reasonable force to control or restrain a child is down to the professional judgement of the staff concerned and should always depend on individual circumstances.

12 ON-LINE SAFETY

12.1 Our School

1. Our school / college recognises the use of technology has become a significant component of many safeguarding issues. Child sexual exploitation; radicalisation; sexual predation: technology often provides the platform that facilitates harm. An effective and proactive approach to online safety empowers a school or college to protect and educate the whole school or college community in their use of technology and establishes mechanisms to identify intervene in and escalate any incident where appropriate. It also empowers children and young people to make informed choices and keep themselves safe online.
2. The breadth of issues classified within online safety is considerable, but can be categorised into three areas of risk:
 - **Content:** being exposed to illegal, inappropriate or harmful material; for example pornography, fake news, racist or radical and extremist views;
 - **Contact:** being subjected to harmful online interaction with other users; for example commercial advertising as well as adults posing as children or young adults; and
 - **Conduct:** personal online behaviour that increases the likelihood of, or causes, harm; for example making, sending and receiving explicit images, or online bullying.
3. Our school will follow the guidance contained within the document Teaching On Line Safety in Schools, June 2019, found [here](#)

12.2 Filters and monitoring

As a Governing Body / Proprietor we will do all we reasonably can to limit children's exposure to the risks outlined above from the school or college's IT system. We will ensure our school has the appropriate filters and monitoring systems in place. We will consider our prevent duties when identifying what filters and monitoring to adopt. We will also consider the advice given by the .UK Safer Internet Centre, found [here](#).

Our school will also consider further guidance contained within Keeping Children Safe in Education 2019, page 93, in respect of procurement decisions regarding what system to adopt.

12.3 Reviewing online safety

Our Governing Body understands that technology in this area evolves and changes rapidly and we will therefore keep the matter under regular review, by for example, using a relevant assessment tool found [here](#)

12.4 Staff Training

The Governors recognise the need for staff to undergo regularly updated safeguarding training and the requirement to ensure our children are taught about safeguarding, including online. With that in mind, online safety training for staff will be integrated, aligned and considered as part of our overarching safeguarding approach.

13 EDUCATION; OPPORTUNITIES TO TEACH SAFEGUARDING

1. As a school we recognise we have many opportunities to teach safeguarding. We consider teaching safeguarding to be part of a broad and balanced curriculum.
2. A wide variety of teaching and learning resources are available both locally and nationally. Some of these are;
 - i. West Sussex Education for Safeguarding – which will enable our school to identify the specific risks faced by the children in our school so we can develop our safeguarding curriculum accordingly
 - ii. UKCCIS have recently published their Education for a connected world framework. Online safety is a whole school and college issue. The framework aims to support the development of the curriculum and is of particular relevance to PSHE education and Computing. It is designed, however, to be usable across the curriculum and beyond and to be central to a whole school or college approach to safeguarding and online safety. It covers early years through to age 18. That is accessed [here](#)
 - iii. The PSHE Association provides guidance to schools on developing their PSHE curriculum including online safety –Accessed [here](#)

14 OFSTED INSPECTIONS

The Governing Body recognises that from September 2019 Ofsted's inspection of early years, schools and post-16 provision will be carried out under a new inspection framework – found [here](#). As a Governing Body we will ensure we are familiar with the new inspection framework and inspecting safeguarding in early years, education and skills guidance from September 2019, found [here](#) and how we can use those documents to monitor the safeguarding framework in our school.

15 PRIVATE FOSTERING

- Our school / college recognises that private fostering occurs when a child under the age of 16 (under 18, if disabled) is provided with care and accommodation **by a person who is not a parent, person with parental responsibility for them or a relative in their own home**. A child is not privately fostered if the person caring for and accommodating them has done so for less than 28 days and does not intend to do so for longer. Such arrangements may come to the attention of school staff through the normal course of their interaction, and promotion of learning activities, with children.
- Our school or college will notify the local authority to allow the local authority to check the arrangement is suitable and safe for the child.
- We will ensure our staff are aware of the link to the comprehensive guidance on the circumstances in which private fostering may arise can be found at [here](#).
- We will ensure the Pan-Sussex Child Protection and Safeguarding Procedures regarding private fostering can be found [here](#) and will be followed where private fostering is known or believed to be taking place.

16 WHEN TO BE CONCERNED A CHILD IS AT RISK OF ABUSE

16.1 Overview

All staff and volunteers should be aware of the main categories of abuse:

Abuse

A form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. They may be abused by an adult or adults or another child or children.

Physical abuse

A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces illness in a child.

Emotional abuse

The persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate or valued only insofar as

they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental ability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child although it may occur alone.

Sexual abuse

Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet) by establishing a close relationship or friendship. Sexual abuse is not solely perpetrated by adult males; women can also commit acts of sexual abuse as can other children.

Neglect

The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment), protect a child from physical and emotional harm or danger, ensure adequate supervision (including the use of inadequate care-givers), or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

16.2 PHYSICAL ABUSE

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Indicators in the child

Bruising

It is often possible to differentiate between accidental and inflicted bruises. The following must be considered as non-accidental unless there is evidence or an adequate explanation provided:

- bruising in or around the mouth
- two simultaneous bruised eyes, without bruising to the forehead, (rarely accidental, though a single bruised eye can be accidental or abusive)
- repeated or multiple bruising on the head or on sites unlikely to be injured accidentally for example the back, mouth, cheek, ear, stomach, chest, under the arm, neck, genital and rectal areas
- variation in colour possibly indicating injuries caused at different times

- the outline of an object used e.g. belt marks, hand prints or a hair brush
- linear bruising at any site particularly on the buttocks, back or face
- bruising or tears around or behind, the earlobe/s indicating injury by pulling or twisting
- bruising around the face
- grasp marks to the upper arms, forearms or leg
- petechial haemorrhages (pinpoint blood spots under the skin) commonly associated with slapping, smothering/suffocation, strangling and squeezing

Fractures

Fractures may cause pain, swelling and discolouration over a bone or joint. It is unlikely that a child will have had a fracture without the carers being aware of the child's distress. If the child is not using a limb, has pain on movement and/or swelling of the limb, there may be a fracture.

There are grounds for concern if:

- the history provided is vague, non-existent or inconsistent
- there are associated old fractures
- medical attention is sought after a period of delay when the fracture has caused symptoms such as swelling, pain or loss of movement.

Rib fractures are only caused in major trauma such as in a road traffic accident, a severe shaking injury or a direct injury such as a kick.

Skull fractures are uncommon in ordinary falls, i.e. from three feet or less. The injury is usually witnessed, the child will cry and if there is a fracture, there is likely to be swelling on the skull developing over 2 to 3 hours. All fractures of the skull should be taken seriously.

Mouth Injuries

Tears to the frenulum (tissue attaching upper lip to gum) often indicates force feeding of a baby or a child with a disability. There is often finger bruising to the cheeks and around the mouth. Rarely, there may also be grazing on the palate.

Poisoning

Ingestion of tablets or domestic poisoning in children under 5 is usually due to the carelessness of a parent or carer but it may be self-harm even in young children.

Bite Marks

Bite marks can leave clear impressions of the teeth when seen shortly after the injury has been inflicted. The shape then becomes a more defused ring bruise or oval or crescent shaped. Those over 3cm in diameter are more likely to have been caused by an adult or older child. A medical/dental opinion, preferably within the first 24 hours, should be sought where there is any doubt over the origin of the bite.

Burns and Scalds

It can be difficult to distinguish between accidental and non-accidental burns and scalds. Scalds are the most common intentional burn injury recorded.

Any burn with a clear outline may be suspicious e.g. circular burns from cigarettes, linear burns from hot metal rods or electrical fire elements, burns of uniform depth over a large area, scalds that have a line indicating immersion or poured liquid.

Old scars indicating previous burns/scalds, which did not have appropriate

treatment or adequate explanation. Scalds to the buttocks of a child, particularly in the absence of burns to the feet, are indicative of dipping into a hot liquid or bath.

The following points are also worth remembering:

- A responsible adult checks the temperature of the bath before the child gets in.
- A child is unlikely to sit down voluntarily in a hot bath and cannot accidentally scald its bottom without also scalding his or her feet.
- A child getting into too hot water of his or her own accord will struggle to get out and there will be splash marks.

Scars

A large number of scars or scars of different sizes or ages, or on different parts of the body, or unusually shaped, may suggest abuse.

Emotional / behavioural presentation:

- refusal to discuss injuries
- admission of punishment which appears excessive
- fear of parents being contacted and fear of returning home
- withdrawal from physical contact
- arms and legs kept covered in hot weather
- fear of medical help
- aggression towards others
- frequently absent from school
- an explanation which is inconsistent with an injury
- several different explanations provided for an injury.

Indicators in the parent:

- may have injuries themselves that suggest domestic violence
- not seeking medical help/unexplained delay in seeking treatment reluctant to give information or mention previous injuries
- absent without good reason when their child is presented for treatment
- disinterested or undisturbed by accident or injury
- aggressive towards child or others
- unauthorised attempts to administer medication
- tries to draw the child into their own illness
- past history of childhood abuse, self-harm, somatising disorder or false allegations of physical or sexual assault
- parent/carer may be over involved in participating in medical tests, taking temperatures and measuring bodily fluids
- observed to be intensely involved with their children, never taking a much needed break nor allowing anyone else to undertake their child's care.
- may appear unusually concerned about the results of investigations which may indicate physical illness in the child
- wider parenting difficulties may (or may not) be associated with this form of abuse
- parent/carer has convictions for violent crimes.

Indicators in the family/environment:

- marginalised or isolated by the community
- history of mental health, alcohol or drug misuse or domestic violence
- history of unexplained death, illness or multiple surgery in parents and/or siblings of the family
- past history of childhood abuse, self-harm, somatising disorder or false allegations of physical or sexual assault or a culture of physical chastisement.

16.3 Perplexing cases which may indicate a possibility of fabricated or Induced Illness (FFI)

Professionals may be concerned at the possibility of a child suffering significant harm as a result of having illness fabricated or induced by their carer. Possible concerns are:

- discrepancies between reported and observed medical conditions, such as the incidence of fits
- attendance at various hospitals, in different geographical areas
- development of feeding / eating disorders, as a result of unpleasant feeding interactions
- the child developing abnormal attitudes to their own health
- non organic failure to thrive - a child does not put on weight and grow and there is no underlying medical cause
- speech, language or motor developmental delays
- dislike of close physical contact
- attachment disorders
- low self esteem
- poor quality or no relationships with peers because social interactions are restricted
- poor attendance at school and under-achievement.

These cases are very complex and for a case to be considered as FFI is after careful and detailed review by a consultant paediatrician. Please Pan-Sussex Child Protection Procedures for further information [here](#)

Where any school or college has concerns in this area they must speak with their school nurse in the first instance.

16.4 EMOTIONAL ABUSE

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate or valued only insofar as they meet the needs of another person.

It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate.

It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning or preventing the child participating in normal social interaction.

It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child though it may occur alone.

Indicators in the child:

- developmental delay
- abnormal attachment between a child and parent/carer e.g. anxious, indiscriminate or no attachment

- aggressive behaviour towards others
- child scapegoated within the family
- frozen watchfulness, particularly in pre-school children
- low self-esteem and lack of confidence
- withdrawn or seen as a 'loner' - difficulty relating to others
- over-reaction to mistakes
- fear of new situations
- inappropriate emotional responses to painful situations
- neurotic behaviour (e.g. rocking, hair twisting, thumb sucking)
- self-harm
- fear of parents being contacted
- extremes of passivity or aggression
- drug/solvent abuse
- chronic running away
- compulsive stealing
- low self-esteem
- air of detachment – 'don't care' attitude
- social isolation – does not join in and has few friends
- depression, withdrawal
- behavioural problems e.g. aggression, attention seeking, hyperactivity, poor attention
- low self-esteem, lack of confidence, fearful, distressed, anxious
- poor peer relationships including withdrawn or isolated behaviour.

Indicators in the parent:

- domestic abuse, adult mental health problems and parental substance misuse may be features in families where children are exposed to abuse
- abnormal attachment to child e.g. overly anxious or disinterest in the child
- scapegoats one child in the family
- imposes inappropriate expectations on the child e.g. prevents the child's developmental exploration or learning, or normal social interaction through overprotection
- wider parenting difficulties may, or may not, be associated with this form of abuse.

Indicators of in the family/environment:

- lack of support from family or social network
- marginalised or isolated by the community
- history of mental health, alcohol or drug misuse or domestic violence
- history of unexplained death, illness or multiple surgery in parents and/or siblings of the family
- past history of childhood abuse, self-harm, somatising disorder or false allegations of physical or sexual assault or a culture of physical chastisement.

16.5 NEGLECT

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse.

16.6 NEGLECT - Using the Neglect Identification and Management Tool (NIMT)

In order to help professionals identify and respond to neglect, West Sussex Safeguarding Children Board have adopted the Neglect identification & Management Tool (NIMT). **Our school is committed** to using this tool to assess concerns and identify support for those children at risk of neglect. As a Governing

Body we will monitor use of this tool whenever assessing children who may be at risk of neglect.

Access to the NIMT tool can be found [here](#)

Once a child is born, neglect may involve a parent or carer failing to:

- provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- protect a child from physical and emotional harm or danger
- ensure adequate supervision (including the use of inadequate care-givers)
- ensure access to appropriate medical care or treatment.

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

If neglect is suspected:

Indicators in the child

Physical presentation:

- failure to thrive or, in older children, short stature
- underweight
- frequent hunger
- dirty, unkempt condition
- inadequately clothed, clothing in a poor state of repair
- red/purple mottled skin, particularly on the hands and feet, seen in the winter due to cold
- swollen limbs with sores that are slow to heal, usually associated with cold injury
- abnormal voracious appetite
- dry, sparse hair
- recurrent/untreated infections or skin conditions e.g. severe nappy rash, eczema or persistent head lice/scabies/diarrhoea
- unmanaged / untreated health/medical conditions including poor dental health
- frequent accidents or injuries.

Development:

- general delay, especially speech and language delay
- inadequate social skills and poor socialization.

Emotional/behavioural presentation:

- attachment disorders
- absence of normal social responsiveness
- indiscriminate behaviour in relationships with adults
- emotionally needy
- compulsive stealing
- constant tiredness
- frequently absent or late at school
- poor self esteem
- destructive tendencies
- thrives away from home environment
- aggressive and impulsive behaviour
- disturbed peer relationships
- self-harming behaviour.

Indicators in the parent:

- dirty, unkempt presentation
- inadequately clothed
- inadequate social skills and poor socialisation
- abnormal attachment to the child e.g. anxious
- low self-esteem and lack of confidence
- failure to meet the basic essential needs e.g. adequate food, clothes, warmth, hygiene
- failure to meet the child's health and medical needs e.g. poor dental health; failure to attend or keep appointments with health visitor, GP or hospital; lack of GP registration; failure to seek or comply with appropriate medical treatment; failure to address parental substance misuse during pregnancy
- child left with adults who are intoxicated or violent
- child abandoned or left alone for excessive periods
- wider parenting difficulties, may or may not be associated with this form of abuse.

Indicators in the family/environment

- history of neglect in the family
- family marginalised or isolated by the community
- family has history of mental health, alcohol or drug misuse or domestic violence
- history of unexplained death, illness or multiple surgery in parents and/or siblings of the family
- family has a past history of childhood abuse, self-harm, somatising disorder or false allegations of physical or sexual assault or a culture of physical chastisement
- dangerous or hazardous home environment including failure to use home safety equipment; risk from animals
- poor state of home environment e.g. unhygienic facilities, lack of appropriate sleeping arrangements, inadequate ventilation (including passive smoking) and lack of adequate heating
- lack of opportunities for child to play and learn.

16.7 SEXUAL ABUSE

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening.

The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing.

They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet).

Sexual abuse is not solely perpetrated by adult males women can also commit acts of sexual abuse, as can other children.

Indicators in the child

Physical presentation:

- urinary infections, bleeding or soreness in the genital or anal areas
- recurrent pain on passing urine or faeces
- blood on underclothes
- sexually transmitted infections
- vaginal soreness or bleeding
- pregnancy in a younger girl where the identity of the father is not disclosed

- and/or there is secrecy or vagueness about the identity of the father
- physical symptoms such as injuries to the genital or anal area, bruising to buttocks, abdomen and thighs, sexually transmitted disease, presence of semen on vagina, anus, external genitalia or clothing

Emotional / behavioural presentation:

- makes a disclosure
- demonstrates sexual knowledge or behaviour inappropriate to age/stage of development, or that is unusually explicit
- inexplicable changes in behaviour, such as becoming aggressive or withdrawn
- self-harm - eating disorders, self-mutilation and suicide attempts
- poor self-image, self-harm, self-hatred
- reluctant to undress for PE
- running away from home
- poor attention / concentration (world of their own)
- sudden changes in school work habits, become truant
- withdrawal, isolation or excessive worrying
- inappropriate sexualised conduct
- sexually exploited or indiscriminate choice of sexual partners
- wetting or other regressive behaviours e.g. thumb sucking
- draws sexually explicit pictures
- Depression.

Indicators in the parents:

- comments made by the parent/carer about the child
- lack of sexual boundaries
- wider parenting difficulties or vulnerabilities
- grooming behaviour
- parent is a sex offender

Indicators in the family/environment:

- marginalised or isolated by the community
- history of mental health, alcohol or drug misuse or domestic violence
- history of unexplained death, illness or multiple surgery in parents and/or siblings of the family
- past history of childhood abuse, self-harm, or a culture of physical chastisement
- family member is a sex offender.

17 SPECIFIC SAFEGUARDING ISSUES

17.1 Children in the court system

17.2 Criminal Court

Our school will do all we can in supporting any of our children who are required to attend court to give evidence in criminal court. We recognise that maybe because crimes were committed against them or for crimes they have witnessed. There is an age appropriate guide to support children 5-11-year olds, accessed [here](#).

17.3 Family court

Making child arrangements via the family courts following separation can be stressful and entrench conflict in families. This can be stressful for children. The Ministry of Justice has launched an online child arrangements information tool with clear and concise information on the dispute resolution service. Our school

will make this available as it may be useful for some parents and carers. It can be accessed [here](#)

17.4 Children Missing Education - WSCC Policy

This policy and guidance is specifically for West Sussex schools and colleges and details how they must notify the Local Authority when they remove a child from the school roll at a non-standard transition point.

It also explains how schools and colleges must notify the Local Authority when adding a child to the school roll at non-standard transition points.

1. Statutory Guidance

Several significant updates were made in 2016 – please click here for Children Missing Education [latest statutory guidance](#)

2. The Nominated Person for WSCC

The nominated officer for Children Missing Education in West Sussex is Sara Hughes, Senior Investigating Officer, Children Missing Education: 0330 2222059 / sara.hughes@westsussex.gov.uk;

3. Overview

3.1 All children, regardless of their circumstances, are entitled to a full time education which is suitable to their age, ability, aptitude and any special educational needs they may have. Local authorities have a duty to establish, as far as it is possible to do so, the identity of children of compulsory school age who are missing education (not on a school roll or in any other suitable provision) in their area.

3.2 Children missing education are children of compulsory school age who are not registered pupils at a school and are not receiving suitable education otherwise than at a school. Children missing education are at significant risk of underachieving, being victims of harm, exploitation or radicalisation, and becoming NEET (not in education, employment or training) later in life.

3.4 This policy outlines what schools and colleges must do when they either remove a child from or add a child to, the school roll at non-standard transition points.

Further advice The Nominated Person for Children Missing Education in West Sussex is Sara Hughes, Senior Investigating Officer, Children Missing Education: 0330 2222059 / sara.hughes@westsussex.gov.uk;

17.5 Absence from school

- Where children do not turn up for school we will follow our school's attendance policy.
- We will ensure we have more than one parent / carer contact number for each pupil.
- Where a student has not attended and we are unable to contact any parent or carer we will consider the matter from a safeguarding perspective.

- In particular, we will consider if there are any existing child protection or safeguarding concerns for the child – if there are we will notify the relevant agency of the absence immediately.
- We will also consider if there are any other special circumstances, for example, child or parent disability that may make it difficult for them to make contact with health or other services if they needed to, especially in times of emergency.
- If there any concerns our school or college will consider making a home visit and contacting the MASH.
- If there are significant concerns we will contact the police immediately.

17.6 Child Sexual Exploitation

- Child sexual exploitation (CSE) involves exploitative situations, contexts and relationships where young people receive something (for example food, accommodation, drugs, alcohol, gifts, money or in some cases simply affection) as a result of engaging in sexual activities. Sexual exploitation can take many forms ranging from the seemingly 'consensual' relationship where sex is exchanged for affection or gifts, to serious organised crime by gangs and groups. What marks out exploitation is an imbalance of power in the relationship.
- The perpetrator always holds some kind of power over the victim which increases as the exploitative relationship develops. Sexual exploitation involves varying degrees of coercion, intimidation or enticement, including unwanted pressure from peers to have sex, sexual bullying including cyberbullying and grooming. However, it also important to recognise that some young people who are being sexually exploited do not exhibit any external signs of this abuse.
- Where there are concerns a child may be at risk of CSE, advice MUST be taken from MASH and school will normally complete Part A of the CSE 'screening tool' Part A which can be [accessed here](#)
- Completion of this should not delay you making a referral, however it may assist you in being clear about the key areas of concern and the level of risk.
- Schools play a vital role in keeping children safe from CSE and often have more information than any other agency. Where schools have concerns they must be persistent in referring those concerns, and escalate using the professional difference protocol if necessary.

17.7 Child Criminal Exploitation: County Lines

Criminal exploitation of children is a geographically widespread form of harm that is a typical feature of county lines criminal activity: drug networks or gangs groom and exploit children and young people to carry drugs and money from urban areas to suburban and rural areas, market and seaside towns. Key to identifying potential involvement in county lines are missing episodes, when the victim may have been trafficked for the purpose of transporting drugs. Like other forms of abuse and exploitation, county lines exploitation:

- can affect any child or young person (male or female) under the age of 18 years;
- can affect any vulnerable adult over the age of 18 years;
- can still be exploitation even if the activity appears consensual;
- can involve force and/or enticement-based methods of compliance and is often accompanied by violence or threats of violence;
- can be perpetrated by individuals or groups, males or females, and young people or adults; and
- is typified by some form of power imbalance in favour of those perpetrating the exploitation. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, cognitive ability, physical strength, status, and access to economic or other resources.

If our school have any concerns that a child or young person is at risk of Criminal exploitation MASH must be contacted for advice and a child exploitation risk assessment completed – found [here](#)

17.8 Serious Violence

1. All staff in our school will be aware of the indicators which may signal that children are at risk from, or involved with serious violent crime. We will be aware that indicators such as increased absence, a change of friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, or signs of assault or injuries. In addition, unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs.
2. We understand that such cases are often difficult to identify. As a school we will do all we can to hear the voice of the child, enabling all our children to share concerns, worries or feel enabled to ask for help.
3. Where we are concerned that a child at our school may be involved in serious violence or at risk of exploitation we will complete the child exploitation risk assessment found [here](#)
4. If there are any concerns a child is at risk of serious violence we will contact MASH for advice.
5. If we are concerned that the child is at risk of imminent serious violence we will call the police on 999.

17.9 Contextual Safeguarding Networks

Recent developments in developing a contextual safeguarding network can significantly increase the support to young people at risk of exploitation. This network looks at different aspects of potential abuse which is committed outside the home. More information can be found [here](#)

17.10 Domestic Abuse

Our school / college recognises the definition of domestic abuse to be any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to:

- psychological;
- physical;
- sexual;
- financial; and
- emotional

Exposure to domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result. Domestic abuse affecting young people can also occur within their personal relationships, as well as in the context of their home life.

Any concerns regarding domestic abuse will be considered by the designated safeguarding lead or deputy and advice and guidance obtained from MASH.

17.11 Homelessness

Our school / college recognises that being homeless or being at risk of becoming homeless presents a real risk to a child's welfare. The Designated Safeguarding Lead (and any deputies) should be aware of contact details and referral routes in to the Local Housing Authority so they can raise/progress concerns at the earliest opportunity. Indicators that a family may be at risk of homelessness include household debt, rent arrears, domestic abuse and anti-social behaviour, as well as the family being asked to leave a property. Whilst referrals and or discussion with the Local Housing Authority should be progressed as appropriate, this does not, and should not, replace a referral into Children's Social Care where a child has been harmed or is at risk of harm.

- The Homelessness Reduction Act 2017 places a new legal duty on English councils so that everyone who is homeless or at risk of homelessness will have access to meaningful help including an assessment of their needs and circumstances, the development of a personalised housing plan, and work to help them retain their accommodation or find a new place to live.
- The following factsheets usefully summarise the new duties: Homeless Reduction Act Factsheets found [here](#) the new duties shift focus to early intervention and encourage those at risk to seek support as soon as possible, before they are facing a homelessness crisis.

17.12 So Called Honour Based Violence – including Female Genital Mutilation and Forced Marriage

So-called 'honour-based' violence (HBV) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing. Abuse committed in the context of preserving "honour" often involves a wider network of family or community pressure and can include multiple perpetrators. It is important to be aware of these dynamic and additional risk factors when deciding what form of safeguarding action to take. All forms of HBV are abuse (regardless of the motivation) and should be managed and escalated as such. Professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a child being at risk of HBV, or already having suffered HBV.

17.13 Female Genital Mutilation (FGM)

- All schools and colleges have a legal obligation to report acts of Female Genital Mutilation.
- Female Genital Mutilation (FGM) comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and a form of child abuse with long-lasting harmful consequences.
- Professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a girl being at risk of FGM, or already having suffered FGM.
- From 31st October 2015, regulated health and social care professionals and teachers in England and Wales must report 'known' cases of FGM in under 18's which they identify in the course of their professional work to the police.
- The Home Office has published procedural information on the duty to help health and social care professionals, teachers and the police understand: the legal requirements placed upon them, a suggested process to follow, and an overview of the action which may be taken if they fail to comply with the duty. It also aims to give the police an understanding of the duty and the next steps upon receiving a report.
- Guidance can be obtained here;

i. Home Office: Mandatory Reporting of FGM – procedure information

ii. FGM Mandatory Reporting Fact Sheet

iii. FGM Reporting Flowchart for under 18's

17.14 Forced Marriage

Forcing a person into a marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent (if they have learning disabilities, for example).

Nevertheless, some communities use religion and culture as a way to coerce a person into marriage. We recognise our school can play an important role in safeguarding children from forced marriage.

The Forced Marriage Unit has published statutory guidance and Multi-agency guidelines, with pages 35-36 of which focus on the role of schools and colleges. That guidance can be found [here](#)

School and college staff who have concerns about a forced marriage should contact the DSL or deputy DSL who should contact MASH for further advice. Specialist advice can also be obtained from the Forced Marriage Unit on 020 7008 0151 or email fmufco.gov.uk

17.15 Preventing Radicalisation

- Protecting children from the risk of radicalisation should be seen as part of our school's wider safeguarding duties and is similar in nature to protecting children from other forms of harm and abuse. During the process of radicalisation it is possible to intervene to prevent vulnerable people being radicalised.
- Radicalisation refers to the process by which a person comes to support any form of violent extremism³, including terrorism. There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. It can happen in many different ways and settings. Specific background factors may contribute to vulnerability which are often combined with specific influences such as family, friends or online and with specific needs for which an extremist or terrorist group may appear to provide an answer. The internet and the use of social media in particular has become a major factor in the radicalisation of young people.
- As with managing other safeguarding risks, staff should be alert to changes in children's behaviour which could indicate that they may be in need of help or protection. School staff should use their professional judgement in identifying children who might be at risk of radicalisation and act proportionately which may include making a referral to the Channel programme.

Prevent

- From 1 July 2015 specified authorities, including all schools as defined in the summary of this guidance, are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 ("the CTSA 2015"), in the exercise of their functions, to have "due regard⁴ to the need prevent people being drawn into terrorism⁵" must have regard to statutory guidance issued under section 29 of the CTSA 2015 ("the Prevent guidance"). Paragraphs 57-76 of the Prevent guidance are concerned specifically with schools (but also cover childcare). It is anticipated that the duty will come into force for sixth form colleges and FE colleges early in the autumn.

³ Extremism is vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas

⁴ According to the Prevent duty guidance 'having due regard' means that the authorities should place an appropriate amount of weight on the need to prevent people being drawn into terrorism when they consider all the other factors relevant to how they carry out their usual functions

⁵ "Terrorism" for these purposes has the same meaning as for the Terrorism Act 2000 (section 1(1) to (4) of that Act).

- The statutory Prevent guidance summarises the requirements on schools in terms of four general themes: risk assessment, working in partnership, staff training and IT policies.
- Schools are expected to assess the risk of children being drawn into terrorism, including support for extremist ideas that are part of terrorist ideology. This means being able to demonstrate both a general understanding of the risks affecting children and young people in the area and a specific understanding of how to identify individual children who may be at risk of radicalisation and what to do to support them. Schools and colleges should have clear procedures in place for protecting children at risk of radicalisation. These procedures may be set out in existing safeguarding policies. It is not necessary for schools and colleges to have distinct policies on implementing the Prevent duty.
- The Prevent duty builds on existing local partnership arrangements. For example, governing bodies and proprietors of all schools should ensure that their safeguarding arrangements take into account the policies and procedures of Local Safeguarding Children Partnerships
- The Prevent guidance refers to the importance of Prevent awareness training to equip staff to identify children at risk of being drawn into terrorism and to challenge extremist ideas. Individual schools are best placed to assess the training needs of staff in the light of their assessment of the risk to pupils at the school of being drawn into terrorism. As a minimum, however, schools should ensure that the Designated Safeguarding Lead undertakes Prevent awareness training and is able to provide advice and support to other members of staff on protecting children from the risk of radicalisation.
- Schools must ensure that children are safe from terrorist and extremist material when accessing the internet in schools. Schools should ensure that suitable filtering is in place. It is also important that schools teach pupils about online safety more generally.
- The Department for Education has issued advice and social media guidance to schools and childcare providers to help them keep children safe from the risk of radicalisation and extremism.
- The Prevent duty and Ofsted descriptors also requires educational settings to ensure that preventing radicalisation and violent extremism is embedded within the curriculum. Staff are also expected to feel confident and competent in using appropriate pedagogical approaches to facilitate this learning.

The **Prevent duty advice** is for/of:

- School leaders, school staff and Governing Bodies in all local maintained schools, academies and free schools
- Proprietors, Governors and staff in all independent schools
- Proprietors, Managers and staff in childcare settings
- Particular interest to Safeguarding Leads.

The **social media guidance** is for:

- Headteachers
- Teachers
- Safeguarding Leads.

17.16 Channel Programme – for these at risk of radicalisation

- School staff should understand when it is appropriate to make a referral to the Channel programme.⁶ Channel is a programme which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism. It provides a mechanism for schools to make referrals if they are concerned that an individual might be vulnerable to radicalisation. An individual's engagement with the programme is entirely voluntary at all stages.
- Section 36 of the CTSA 2015 places a duty on local authorities to ensure Channel panels are in place. The panel must be chaired by the local authority and include the police for the relevant local authority area. Following a referral the panel will assess the extent to which identified individuals are vulnerable to being drawn into terrorism, and, where considered appropriate and necessary consent is obtained, arrange for support to be provided to those individuals. Section 38 of the CTSA 2015 requires partners of Channel panels to co-operate with the panel in the carrying out of its functions and with the police in providing information about a referred individual. Schools and colleges which are required to have regard to Keeping Children Safe in Education are listed in the CTSA 2015 as partners required to co-operate with local Channel panels.⁷

In West Sussex, two panels operate, meeting monthly - one specifically for Crawley, and the other for the rest of West Sussex.

- **Prevent and Channel Duty – A Toolkit for Schools**
- **Channel General Awareness e-learning package**
- **Making a Channel Referral in West Sussex**
- **Prevent Channel Referral Form**

Further advice and guidance regarding the Prevent duty and preventing radicalisation and violent extremism can be accessed on the West Sussex Service for Schools website, accessed [here](#)

17.17 Peer on Peer Abuse

- At our school we believe that all children have a right to attend school and learn in a safe environment. Children should be free from harm by adults in the school and other students
- We recognise that some students will sometimes negatively affect the learning and wellbeing of others and their behaviour will be dealt with under the school's behaviour policy in the first instance.

⁶ Guidance issued under section 36(7) and section 38(6) of the CTSA 2015 in respect of Channel is available at: <https://www.gov.uk/government/publications/channel-guidance>

⁷ Such partners are required to have regard to guidance issued under section 38(6) of the CTSA 2015 when co-operating with the panel and police under section 38 of the CTSA 2015

- **All staff** should be aware that safeguarding issues can manifest themselves via peer on peer abuse. This may include physical abuse, emotional abuse, sexual abuse and sexual exploitation and may manifest as (though not limited to): bullying (including cyber-bullying), gender based violence/sexual assaults and sexting. Such peer on peer abuse may take many different forms and present in many different ways – see below. **All school staff** must be aware that children can be abusers and any concerns should be discussed with the Designated Safeguarding Lead.

If Peer on Peer abuse is suspected staff should follow section 8.7 of the West Sussex Child Protection and Safeguarding Procedures - [Children who Harm Other Children](#).

17.18 Children with family members in prison

Our school is aware of the additional challenges faced by children who have a parent / carer sent to prison. We recognise that these children are at risk of poor outcomes including poverty, stigma, isolation and poor mental health. NICCO provides information designed to support professionals working with offenders and their children, to help mitigate negative consequences for those children and our will work in accordance with that guidance, found [here](#), in supporting children in our school who have a parent or carer in prison.

18 DEALING WITH A DISCLOSURE

We are determined that our school will be a safe place where children feel able to talk to a trusted adult if they are concerned.

We are also determined that all staff, including volunteers, will know how to respond appropriately should a child disclose to them.

18.1 If a child discloses – we will:

1. Accept what the child says
2. Stay calm, the pace should be dictated by the child without them being pressed for detail. DO NOT ASK LEADING QUESTIONS such as “did x touch you there?” It is our role to listen - not to investigate
3. If more information is needed to establish if there has been abuse use open questions such as “describe what happened?” “tell me what happened?”
4. Use age appropriate words; avoid jargon or terms the child may well not understand.
5. Be careful not to burden the child with guilt by asking questions like “Why didn’t you tell me before?” but you could ask ‘Have you spoken to anyone else about this?’
6. Acknowledge how hard it was for the child to tell us
7. Not criticise the perpetrator, the child might have a relationship with them
8. Not promise confidentiality, but reassure the child that they have done the right thing, explain whom we will have to tell (the Designated Safeguarding Lead) and why and, depending on the child’s age, what the next stage will be. It is important that we avoid making promises that we cannot keep such as “I’ll stay with you all the time” or “it will be all right now.”
9. If we are in any doubt as to whether to refer the matter we will speak and discuss with MASH.

18.2 When recording information we will:

- Be aware that any records made may well be used
- Make detailed notes at the time or immediately afterwards; record the date, time, place and context of disclosure or concern. Record facts and what was said but not your assumption or interpretation.
- If it is observation of bruising or an injury record the detail, e.g. "right arm above elbow".
- Use skin / body maps if necessary.
- Not take photographs
- Note the non-verbal behaviour and the key words in the language used by the child but try not to translate into 'proper terms').
- Record the date, time and location where the notes were made and if anyone else was present.
- Pass the notes as soon as possible to the Designated Safeguarding Lead.

18.3 Reporting Forms

1. Reporting forms will be readily available to all staff who may require them. Staff should not have to print forms off before being able to complete them.
2. Reporting forms will be located together with the latest copies of Keeping Children Safe in Education, Confidential Reporting Policy and the schools' child protection and safeguarding policy, at various easily accessible points through the school.
3. Annex 2 provides suggested forms and skin / body maps for recording the information.

18.4 Support for staff.

It is recognised that staff working in a school who have become involved with a child who has suffered harm, or appears to be likely to suffer harm may find the situation stressful and upsetting. The school will support such staff by providing an opportunity to talk through their anxieties with the designated safeguarding lead and to seek further support as appropriate. WSCC school staff have access to a free, 24/7 and confidential counselling service.

19 RECORD KEEPING

19.1 Child Protection Files

1. Records kept for child protection purposes will be kept securely, separate from other records and accessed only by those who need to do so for safeguarding and / or monitoring purposes.
2. Each child will have a separate record.
3. Each record will be accurate, legible and entries made as soon as practicable after a concern is raised.
4. Where there is more than one sibling, each sibling will have their own record, cross-referenced where necessary to their siblings.
5. Each file will have a chronology to enable assessment, provide an overview and enable fast time assessment of previous activity.
6. Each file will have an up to date contact number for other key professionals.

19.2 When a child moves school

1. Any child protection files relating to that child will be transferred / retained in accordance with guidelines which can be found in the Information Management Toolkit for Schools found [here](#)
2. In line with statutory guidance (KCSiE 2019) where children leave the school or college, the Designated Safeguarding Lead will ensure their child protection file is transferred to the new school or college as soon as possible, ensuring secure transit, and confirmation of receipt should be obtained
3. **For schools, this should be transferred separately from the main pupil file.** Receiving schools and colleges should ensure key staff such as designated safeguarding leads and SENCOs or the named person with oversight for SEN in a college, are aware as required.
4. In addition to the child protection file, the Designated Safeguarding Lead will also consider if it would be appropriate to share any information with the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue supporting victims of abuse and have that support in place for when the child arrives.
5. In accordance with the Information Management Toolkit for Schools, when a child moves from one school to another, the file will move with them. The sending school should not copy nor retain the child protection file unless they are to be used in ongoing proceedings. (Noting the exceptions when the child moves to an independent school or post 16 education provision)

19.3 Allegations against Staff Records

1. Any records generated in respect of an allegation will be kept securely, accessed only by those who require to do so for legitimate investigation / safeguarding / review purposes.
2. Any records will be kept separate from any other personal file relating to that staff member
3. Any records will not be kept in any child's child protection file.

20 MANAGING PROFESSIONAL DIFFERENCES & CONCERNS

On occasions there may be differences of opinion between professionals in response to a specific safeguarding matter, for example, from the view of the school, Children's Social Care closing a case too early or removing a child from a child protection plan too soon.

20.1 Professional Differences and Concerns Protocol

1. In such circumstances the Designated Safeguarding Lead will assess the impact of such a decision on the child(ren) and where concerns remain, the Designated Safeguarding Lead will engage the Managing Professional Difference protocol which can be found on the West Sussex Safeguarding Children Website, accessed [here](#).

2. As a Governing Body we will monitor the use of this protocol in keeping our children safe.

21 ADULT SAFEGUARDING PROCEDURES

1. All of the fundamental principles of safeguarding apply equally to adults as well as children. For example safer recruiting, recognising and responding to signs of abuse, referring when there are concerns and accurate record keeping, amongst many others, are all central to effective safeguarding practice.
2. However, the referral route for concerns for those aged 18 and over is different.
3. For education establishments who cater for young people aged 18 and above, or where any other school or college has concerns about a person aged 18 and over, the relevant local statutory guidance is contained within the Sussex Safeguarding Adult Procedures and can be found [here](#).
4. For further advice and guidance in respect of general safeguarding those aged 18 and over can also be found [here](#)
5. To discuss concerns relating to a person aged 18 and over please contact West Sussex Adult Social Care on 01243 642121.
6. Referral to adults social care should be made using the on-line form found here - <https://www.westsussex.gov.uk/raiseaconcernaboutanadult>

22 LIST OF POLICIES TO SUPPORT SAFEGUARDING

The following policies support the safeguarding framework in our setting.

Policy	Lead member of staff	Next Review
Staff Code of Conduct	Joe Knutson	July 2020
Confidential Reporting	Joe Knutson	July 2022
Equality / Anti-discrimination	Nikki Stone	July 2020
Providing First Aid	Anji Capelin-Blount	January 2022
SEND	Nikki Stone	November 2019
Behaviour	Nikki Stone	April 2020
Health & Safety	Shelley Farrell	December 2019
Complaints	Joe Knutson	July 2022
Intimate Care	Anji Capelin-Blount	December 2021

BODY MAPS

Body Map: Baby / Toddler

When you notice an injury to a child, try to record the following information in respect of each mark

- Exact site of injury on the body, e.g. upper outer arm/left cheek
- Size of injury - in appropriate centimetres or inches
- Approximate shape of injury, e.g. round/square or straight line
- Colour of injury - if more than one colour, say so
- Is the skin broken?
- Is there any swelling at the site of the injury, or elsewhere?
- Is there a scab? / any blistering? / any bleeding?
- Is the injury clean? or is there grit/fluff etc
- Is mobility restricted as a result of the injury?
- Does the site of the injury feel hot?
- Does the child feel hot?
- Does the child feel pain?
